## 1. Introduction

### DNIEPER GROUP

Established in 2015 in Sharjah, UAE, **Dnieper** has gained an excellent track record in delivering mission critical solutions across the Oil & Gas industry and their ancillary sectors as per the highest Marine and Offshore Oilfield Standards and high rise structures.

Dnieper is active in more than **17 countries worldwide** including major industry hubs in Europe, UAE, Saudi Arabia, Oman, Qatar, Kuwait, China, Russia, Kazakhstan, India, Pakistan, South Korea, Singapore, Thailand, Malaysia, Nigeria, Cameroon and further growing to enhance the availability, efficiency and value of our services for all our esteemed customers.

Our highly qualified and experienced professionals have an outstanding **safety track record** and are well known for their hard and reliable work towards set-out project goals, so our clients benefit from such important advantages as **enforcement of quality targets, training & certification, lead time reduction, savings of project costs and prevention of project risks.**

We are keen on supporting you in your projects and invite you to an exciting journey through our product & service portfolio. Contact us today for further details and deployment of our solutions for your benefit.

**Dnieper Industry Services** stand out from others as we provide solely experienced professionals, who have already proven themselves and whom we additionally train and develop in our Group in a sustainable long term approach. As result our entire team has an outstanding safety track record and is well known for commitment and their hard and reliable work towards set-out project goals.

All our technicians are industry insiders and, regardless of their individual profession and designation, understand not only their work but also the client and the job requirements – both important factors for work efficiency and the overall project success.

Our clients directly benefit from the exceptional know-how and experience of our employees in a safe and rewarding working environment. We are proud that various well known International Oil & Gas Industry Corporations utilize and rely on our Dnieper Quality Services.

Dnieper has successfully established its subsidiary for other industrial services into Oil and Gas and Constructions.

**Petronext International LLC**

**Dnieper Middle East LLC**

# Brief Portfolio

**Dnieper Fire & Safety** Is a professional industrial solution provider, offering high quality engineering, procurement, construction, commission and project management services to Oil, Gas, Petrochemical, Process, Power and Water Industries. Our sphere of activity is focused in providing total turnkey solutions & expertise to clients through out Indian Sub Continent, MENA, Africa, APAC, America and Australia.

Dnieper commenced its operations in year 2015 for Fire Protection systems supply, Installation and services of oil and gas plants and related items. Since then, our core competence has been to identify, assess, and advise on how to manage risk. Whether we inspect a plant, equipment, material or certify a company's management system, or advice on how to do proper welding or preventing corrosion or detecting flaws, our focus is to safely and responsibly improve business performance.

Over the past decade, through its commitment towards greater endeavor, Dnieper have created an outstanding distinction from its core foundation Engineer | Procure | Construct | Commission | Planning | Reliability | Innovation | Determination and Excellence. Since its establishment, the group has earned a strong reputation of being the most reliable, progressive, and dynamic EPC solution provider.

## OUR TEAM

We aim to be the most competitive and the most productive service organization in the world. Our core competencies in inspection, verification, testing and certification are being continuously improved to be best-in-class. They are at the heart of what we are. Our chosen markets will be solely determined by our ability to be the most competitive and to consistently deliver unequalled service to our customers all over the world.

# FIRE & LIFE SAFETY PRODUCTS

## Inspection & Annual Maintenance Contract of your Fire-Fighting Systems

We could be of help by serving you with an Annual Maintenance Contract (AMC) or Inspection to identify that your system works fine in case of any emergency. You could avail our services **24/7 for an AMC with the assurance of quick response and responsibility.**

As a part of the AMC, we take over your existing system and closely monitor all crucial elements including Fire fighting, Fire alarm, Emergency Lighting, Voice Evacuation and Gas suppression system. AS part of the AMC, we also help our clients with the necessary documents, clearances and periodic certifications that are required to install and maintain their fire fighting systems.

Dnieper comprises of a group of trained individuals, who make sure that all your life-saving products are working optimally. They do this through regular checks and update all your devices. A quarterly report is sent to you so that you know the status of your system. All in all, Dnieper make sure that your equipment is ready to perform when you need it the most.

### Why only authorized AMC

At Dnieper, we are producing life-saving devices with passion and precision. We are the best equipped to maintain them. This is why the law dictates that all must be serviced and maintained only by authorized personnel.

### Dnieper AMC Package

Dnieper technical team is a group of skilled, trained engineers & technicians who undertake a Quarterly Service Schedule for AMC customers to ensure that every equipment in the client's premises is always working optimally.

All inspection and AMC are taken and delivered in accordance with national & International standard (NPFA & UAE Civil defense).
